- 5 A straightforward, common sense leader who is asking for your vote on November 7!

Ex. Vote Bill Kuisle for State Representative!

Elect

BILL KUISLE OUR STATE REPRESENTATIVE

You won't see Bill Kuisle on the 10 o'clock news grandstanding for television cameras or taking credit for things he didn't do.

That's because Bill Kuisle isn't a typical politician.

After graduating from Stewartville High School and Rochester Community College, Bill attended the University of Wisconsin at River Falls before taking over the family farm.

Bill has **a lifetime of public service** as a member of the High Forest Township Board, the Olmsted County Board and as our State Representative from 1996 to 2004.

Bill's legislative priorities are to help create properly funded **schools of excellence** and achievement; control state spending and **keep taxes in check** so working families can keep more of what they earn. Having survived colon cancer, Bill places a special emphasis on advancing genomics research and the Mayo/University of Minnesota Partnership.

Throughout his legislative and volunteer activities, Bill Kuisle has a history of **bringing people together** in a respectful and cooperative way to solve problems and improve our communities.

Even DFL legislator Alice Hausman publicly thanked Bill for his **leadership on transportation** issues and praised him for his "gracious, respectful, handling of the committee and our issues and bills," while he chaired the House Transportation Committee in 2004.

Put Bill Kuisle back to work for Olmsted and Wabasha Counties!

STRAIGHTFORWARD, COMMON SENSE LEADERSHIP.
